

ANTIGEN TESTS ARE COMPLIMENTARY

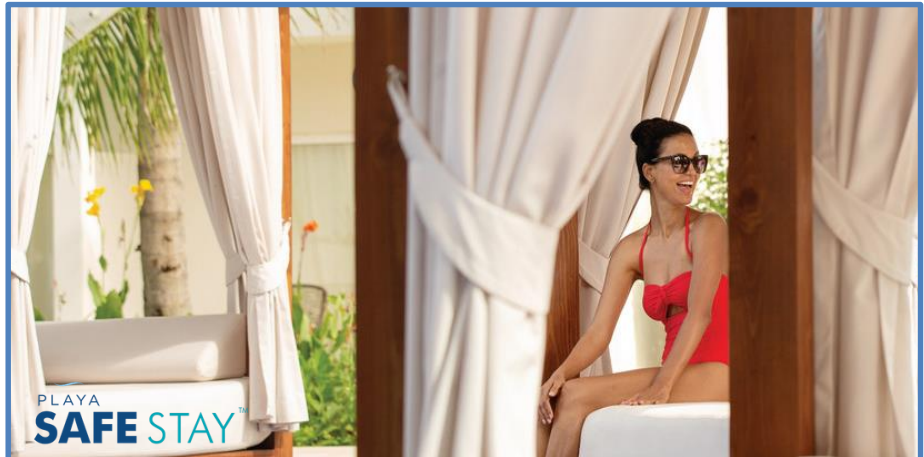

Effective January 26, 2021, the Centers for Disease Control (CDC) and Prevention has expanded requirements for a negative COVID-19 test result to all air-travel passengers entering the United States.

As a result, Playa offers complimentary COVID-19 antigen testing, which is accepted as part of the CDC's expanded U.S. travel requirements.

Complimentary antigen tests are available to registered guests returning to the U.S. from any of our 17 resorts across Mexico and throughout the Caribbean.

STRESS-FREE GUARANTEED

If, through no fault of their own, a guest does not receive test results prior to departure, complimentary room accommodation is provided from the original departure date through the earliest possible departure after test results are delivered.

Playa Safe Stay is a direct response to the COVID-19 Pandemic and elevated guest expectations, Playa Safe Stay focuses on preventive antiviral measures throughout all resorts -- reassuring guests with confidence that only Hyatt or Hilton can deliver.

TEST POSITIVE FOR COVID-19? GETTING MARRIED IN JAMAICA?

First and foremost, we work with the guest and local health authorities regarding the best course of action.

We provide quarantine services for guests that test positive for COVID-19. As part of our quarantine service, we offer up to a 50% discount on accommodations for guests needing to quarantine up to 14 days.

For guests visiting our Jamaica resorts as a group and not staying a minimum of five days, there may be concessions available that cover the partial or full cost of antigen testing.

Please contact your PLAYA Hotels & Resorts representative.
